

MIDTERM REPORT - MAT 203

Okoronkwo, M.

Quantitative assessment	Problem 1	Problem 2	Problem 3	Problem 4	Problem 5	Weighted Total
Class Average	57.0%	60.3%	81.7%	53.1%	23.1%	52.6%
Okoronkwo, M.	66.7%	0.0%	80.0%	45.0%	0.0%	37.0%

Qualitative assessment	Individual	Classroom comparison
Understanding of vector algebra and geometry.	Poor	Below average
Understanding of qualitative aspects of vector-valued, single-variable functions.	Moderate	Below average
Understanding of qualitative properties of limits, continuity and derivatives (in particular, the differences between single-variable and multi-variable functions).	Moderate	Below average
Understanding of quantitative properties of vector-valued functions and scalar-valued multivariable functions.	Moderate	Below average
Capacity to analyze problems, identify the required tools, and employ them correctly.	Poor	Below average

Grades (scaled)

Homework 1 (15)	Homework 2 (15)	Midterm (25)	Weighted average	Anticipated grade
0.0	15.0	9.3	44.1%	D+
